In an exciting member collaboration within X2 Elite members, Logistica Enkay Express has officially nominated Herport Logistics Iberica S.A. as a key partner for their shipment operation. This announcement comes after a highly successful partnership between Dilip Sugadan of Logistica Enkay Express and Alejandro Espejo of Herport Logistics Iberica S.A. in the last quarter of 2024. The duo, both esteemed members of the X2 Elite Network, have united their expertise to manage a significant shipping operation between Spain and Dubai. This collaboration is seen as a strategic move to enhance their global reach and further cement their positions as leaders in the Spain and Dubai market. Both Logistica Enkay Express and Herport Logistics Iberica S.A. have demonstrated exceptional leadership in the sector, paving the way for more innovative and efficient solutions in the future. ## MEMBER NOMINATION: Air & Road Transport Nominated Transloga for a Successful Shipment

Panevėžys, Lithuania – Air & Road Transport AS, our X2 Elite member has proudly nominated Transloga, Lithuania –our X2 Elite and X2 Asia Global members for their outstanding performance in a recent successful shipment. The shipment, which involved both cargo and automotive components, demonstrated exceptional coordination and efficiency in logistics.

The shipment traveled from Panevėžys, Lithuania, to its final destination in San Giorgio Di Nagoro, Italy, covering a complex route that required precise planning and execution. Their team took on the challenge of loading 8 pallets of non-standard size, splitting the load into two trucks for simultaneous delivery. Despite the unique size requirements, their team managed every detail, ensuring that the cargo was securely loaded, transported, and delivered to the exact specifications.

This project highlights the ability of our team to handle complex logistical tasks with precision and efficiency, ensuring that all orders reach their destination safely and on time from Lithuania to Italy. - Eugenija Ranauskiene

## MEMBER NOMINATION: PT. Militzer And Muench Indonesia Nominates Transloga for Excellence in Handling Specialized Shipment

Transloga, has been nominated by PT. Militzer And Muench Indonesia for their outstanding service in managing a complex shipment of aircraft tools. Another successful partnership among X2 Elite members. The shipment, which originated in Klaipeda, Lithuania, and was destined for Surabaya, Indonesia, involved two heavy and large pieces of equipment: an Engine Stand and Cradle, each weighing 2100kg and requiring precise handling. The dimensions of the cargo were 404x247x144 cm and 395x252x151 cm, respectively. Transloga's team worked closely with M&M's Morris, Asheeque, and the entire team, who entrusted them with the challenging task of transporting these essential aircraft tools. "I want to thank Asheeque Morris, and all the team for trusting us with such an interesting shipment. It was a pleasure to work with the professional M&M team!" - Eugenija Ranauskiene One of the key challenges encountered during the process was the lack of resources from the shipper's side. The shipper was unable to load, stuff, or secure the cargo in their warehouse, so Transloga took the initiative to load the cargo onto a platform truck and transport it to the port of loading. There, the cargo was reloaded and secured into a 40-foot Flatrack (1x40FR) container for sea transport. Despite these challenges, Transloga successfully managed the situation with careful planning and precise execution, ensuring that the cargo reached its destination in perfect condition.

The cargo was safely delivered to Surabaya, Indonesia, without incident, demonstrating the professionalism and dedication of the Transloga team. This successful shipment reinforces the company's reputation as a reliable partner in the logistics and transportation sector. Transloga's commitment to solving challenges and delivering high-quality service makes them a deserving nominee for this recognition from M&M.

Exciting times at Breakbulk Dubai! Our team Melvin Xavier, our director and Tatiana Ageeva our Network Development Manager had the privilege of representing X2 Projects at this incredible event, connecting with industry leaders and exploring new opportunities at Breakbulk Dubai for the last couple of days.

Government ministries, private sector oil & gas companies and the world's top EPCs hold the keys to these lucrative contracts, and Breakbulk Middle East has become the place to meet these decision makers. And because of strong gatekeeping systems within Middle Eastern companies, this event is one of the few ways to make direct contact with them.

Met with our X2 members:

Peter Matthew from Fleet Line Shipping Dubai  
 Muhammad Jawad from MMAJ Worldwide Cargo LLC

What a fantastic evening spent enjoying the stunning Dubai sunset with X2 friends! Our Director, Melvin Xavier, hosted a small dinner party for our X2 community in Dubai. Enjoyed great chats over a glass of wine while soaking in the breathtaking view of the sunset. Sometimes, stepping away from business talk and just enjoying quality time with friends is exactly what's needed. It's not always about discussing work—unwinding and having fun together builds stronger connections and trust, which in turn, moves the business forward in ways you might not even realize. Enjoyment and relaxation are the key ingredients for success!

## Networking Tips on how to maximize your X2 conference

The 10th Annual X2 Conference in Pattaya (May 7–11, 2025) is fast approaching, and it's time to start thinking about how to make the most of this incredible opportunity!

Networking is one of the most valuable aspects of the conference, and there are several key strategies to ensure you walk away with lasting connections.

### Dress to Impress

Stand out and be remembered! Study the conference dress code and themes. For the Welcome Cocktail, it's a World Cup theme, so wear your best National Jersey. The Gala Night is a Jungle Festival, so bring out your neon and festive attire. For other activities and meetings, dress accordingly to make a lasting impression. Got a bold or creative outfit idea? Share it with the community! [Check out the agenda for all dress code details.](#)

### Post Daily with a Content Plan

Capture the essence of each day by sharing highlights, insights, and memorable moments. Planning your content in advance will help showcase your experience effectively.

### Sign Up for Activities

The best way to meet industry peers is by participating. Explore our [activities website](#) and register early to maximize your networking opportunities.

### Strategic Research

Review your outgoing inquiries from the past year and identify companies where you still need an agent. This ensures you make meaningful connections at the conference.

## Networking Tips on how to maximize your X2 conference

### Schedule Meetings with Inbound Leads

If you've received RFQs from potential partners, plan strategic meetings in advance to strengthen business relationships.

### Bring a Bottle from Your Country

A great icebreaker that sparks conversation. Share a taste of home during the opening cocktail and connect with fellow attendees.

### Thoughtful Giveaways

Show appreciation to your existing partners with small, meaningful gifts. A well-chosen giveaway can leave a lasting impression. At the last conference, unique giveaways like stuffed animals representing different countries were a big hit!

### Personalized Name Cards

Swap the traditional logo-only business card for one with your photo to make yourself more recognizable and memorable.

### Keep the Engagement Going Post-Conference

Continue posting pictures with your favorite partners and thank them for great collaborations to maintain and strengthen connections.
